**Reasons Why We Do
the Annual Church Profile (ACP)**

As I shared with the pastors at the Pastor's Breakfast this week – it is ACP time again!! There was a collective groan across the room! When I was a pastor, I was one of the guys doing the groaning at this time of the year. I feel your pain! However, this time of reporting is important for your church, for our association, state convention, and national agencies. Here are some reasons why we do ACPs....

....completing the ACP informs the association and state convention of how many people your church won to Christ in the past year.

... if a congregation attempts to secure a building loan, the ACP report can be used to convince loan officers that the church can handle the financial obligation.

...the state convention uses the ACP reports to plan church planting, evangelism, and church strengthening strategies.

...when a new pastor or staff member comes to a church, it (ACP) gives the new pastor insight into the life of the church.

...by completing the ACP you are serving all congregations across the Southern Baptist Convention in the sense it gives the national agencies a better idea on how to budget and plan to resource state conventions – that resource associations and local churches.

In a couple of weeks you will be receiving your ACP packet – please complete the information online or return it to the association office by September 30.

John Guillott
Director of Evangelism and Missions
